PROFESSIONAL SUMMARY

Backend Developer with 1+ year of experience building scalable REST APIs and web applications using Node.js, Express.js, and MongoDB. Skilled in backend architecture, third-party API integrations, authentication, and automation workflows. Experienced in developing messaging automation solutions and contributing to full-stack applications with React.js. Passionate about creating reliable, efficient, and scalable software solutions.

TECHNICAL SKILLS

- Languages:** JavaScript (ES6+)
- Backend:** Node.js, Express.js, RabbitMQ, REST API Design, Rate-Limited APIs
- Databases & Tools:** MongoDB, Basic SQL, Redis (Basics), Git, Postman, VS Code
- APIs & Integrations:** OpenAI API, Meta WhatsApp Cloud API, Razorpay
- Frontend:** React.js, HTML5, CSS3, JavaScript, GrapesJS
- Soft Skills:** Product Thinking, Problem Solving, Analytical Thinking, Requirement Analysis, Team Collaboration, Adaptability

PROFESSIONAL EXPERIENCE

Software Developer - Backend

Masfob@Success Life Mantra | Madurai, Tamil Nadu | Jan 2025 – Present

- Built and maintained scalable REST APIs using Node.js, Express.js, and MongoDB with authentication, RBAC, and optimized database queries.
- Implemented rate-limited API architecture to protect backend services and control request traffic.
- Designed and implemented job queue system using RabbitMQ for asynchronous background tasks in messaging automation workflows.
- Integrated OpenAI API, Razorpay payment gateway, and Meta WhatsApp Cloud API, including webhook verification and real-time event handling.
- Designed keyword-based WhatsApp automation workflows reducing manual response effort.
- Developed email notification system for AI career platform events.
- Built automation features supporting broadcast messaging and scheduled drip campaigns for large-scale customer engagement with scheduled execution.
- Debugged and resolved production issues, fixing runtime bugs and improving system reliability.

Web Development Intern

Masfob@Success Life Mantra | Madurai, Tamil Nadu | Aug 2024 – Dec 2024

- Designed and customized responsive landing pages using HTML, Tailwind CSS, and React.js.
- Built and modified UI components for email builder projects using GrapesJS.

Frontend Intern

Lithi Info Tech | Madurai, Tamil Nadu | Jan 2024 – April 2024

- Implemented React.js fundamentals and built reusable UI components.
- Assisted in debugging and feature enhancement.

PROJECTS

Website Builder Platform – Full Stack Web Application

Built a no-code website builder using React.js, GrapesJS, Node.js, Express.js, and MongoDB with website creation, editing, and publishing capabilities. (Live Demo: <https://website-builder-2026.netlify.app>)

CareerPro – AI-Powered Career Management Platform

Developed backend for an AI-powered career platform supporting resume generation, LinkedIn optimization, interview preparation, and job tracking APIs.

AI Gen Studio – AI Marketing Content Platform

Developed backend APIs for AI-powered marketing content generation, post ideation, and automation workflows using Node.js and Express.js. API Demo: <https://aigenstudio-server.onrender.com/>

Inderact – WhatsApp Business Automation Platform

Built backend using Node.js and Meta WhatsApp Cloud API for template messaging, keyword-based auto replies, and automated chatbot workflows.

CERTIFICATIONS

- Getting Started with NodeJS – Simplilearn SkillUp (June 2025)
- Introduction to Express JS – Simplilearn SkillUp (June 2025)
- AI For India 2.0 – GUVI(August 2023)
- HTML Training — Spoken Tutorial Project, IIT Bombay(June 2021)

EDUCATION

M.Sc. Computer Science | Thiagarajar College of Arts and Science | 2024 | CGPA: 8.6

B.Sc. Information Technology | Nadar Mahajana Sangam S. Vellaichamy Nadar College | 2022 | CGPA: 8.3
